

Fill in the gaps

I always (1)	you were (2)	Both you and me
to die for		Like wrapped up in plastic
I used to say I'd (3)	been so much in love before	Don't know how we came to this
Now I know the meaning of forever		I feel (17) I've been
It's such a long time		Wrapped up in plastic
When you're not having fun		Never knew how life (18) be
Remember how we always were together		Both you and me
They used to say no one would see us coming one by one		Like wrapped up in plastic
There was a time when I thought we (4) shake it		I don't (19) how
No matter what, we would always make it		Somewhere we got off track
Don't know how we came to this		I tried but I couldn't keep it in my heart
I (5) like I've been		I (20) around
Wrapped up in plastic		I (21) to get it back
Never (6) how (7) (8) be		(Oh) Tell me how (22) we let it go
Both you and me		Don't (23) how we came to this
Like wrapped up in plastic		I feel like I've been
I always thought I was standing on solid ground		Wrapped up in plastic
Now I feel (9) a record spinning 'round and 'round		Now it's all gone
I'm so lost in the (10)	of I (11) to's	Wrapped in plastic
It's been a (12) time		Did it all wrong
Since I had (13) fun		Now we lost it
I used to be where the hot (14) (15)		What a sad song
blows		Wrapped in plastic
There'd be no problems		Now it's all gone
No bad options standing in my way		Wrapped in plastic
Now I'm trapped		Now it's all gone
And no way to get out		
Don't know how we (16) to this		
I feel like I've been		
Wrapped up in plastic		
Never knew how life could	d be
