T'm Still Standing by Elton John

Fill in the gaps

You could never know what it's like	Looking like a true survivor
Your blood like winter (1) just (2)	Feeling like a little kid
ice	And I'm still standing after all this time
And there's a cold and lonely light	Picking up the pieces of my life
That (3) from you	Without you on my mind
You'll wind up like the wreck you hide	I'm still standing
Behind that mask you use	Yeah yeah
And did you think this fool could never win	I'm still standing
Well look at me, I'm (4) back again	Yeah yeah
I got a taste of love in a simple way	Don't you know that
And if you need to know while I'm still standing	I'm still standing (10) than I ever did
You just (5) away	Looking like a true survivor
Don't you know I'm still standing	Feeling like a little kid
Better than I ever did	I'm still standing after all this time
Looking like a true survivor	Picking up the pieces of my life
Feeling like a little kid	Without you on my mind
And I'm still standing (6) all this time	I'm still standing
Picking up the pieces of my life	Yeah yeah
Without you on my mind	I'm still standing
I'm still standing	Yeah yeah
Yeah yeah yeah	I'm still standing
I'm still standing	Yeah yeah
Yeah yeah yeah	I'm still standing
Once I never could hope to win	Yeah yeah
You starting down the (7) leaving me again	I'm still standing
The threats you made	Yeah yeah
Were meant to cut me down	I'm still standing
And if our (8) was just a circus	
You'd be a (9) by now	
You know, I'm still standing	
Better than Lever did
