(And I nope and I nope)	But I know in time we'll find this was no surprise
I've practiced this for hours, gone round and round	Our favorite place we used to go
And now I think that I've got it all down	The warm embrace (4) no one knows
And as I say it louder, I love how it sounds	The lovin' look that's left your eyes
'Cause I'm not taking the easy way out	That's why this comes as no, as no surprise
Not wrappin' this in ribbons	If I could see the future and how this plays out
Shouldn't have to give a reason why	I bet it's better than where we are now
It's no surprise. I won't be (1) tomorrow	But after going through this
I can't believe that I stayed 'til today	It's easier to see the reason why
Yeah you and I will be a tough act to follow	It's no surprise I won't be here tomorrow
But I know in time we'll find this was no surprise	I can't believe that I stayed 'til today (stayed 'til today)
It came out like a river, once I let it out	Yeah you and I will be a tough act to follow
When I thought that I wouldn't know how	But I know in time we'll find this was no surprise
Held onto it forever, just pushing it down	The kiss goodnight, it comes with me
It felt so good to let go of it now	Both wrong and right, our memories (our memories)
Not wrapping this in ribbons	The whispering (5) we sleep,
Shouldn't have to give a reason why	Just one more thing that you can't keep (you can't keep)
It's no surprise. I won't be here tomorrow	Our (6) place we used to go
I can't believe that I stayed 'til today	The (7) (8) no
There's (2) here in this heart left to borrow	one knows
There's nothing here in this soul left to save	The lovin' look that's left your eyes
Don't be surprised when we hate this tomorrow	But I know in time we'll find this was no surprise
God knows we (3) to find an easier way	(And I hope, and I hope, and I hope, and I hope, and I hope.)
Yeah you and I will be a tough act to follow
