I Love My Computer by Bad Religion

I love my computer	When I turn on you
You (1) me feel alright	I love my computer
Every waking hour	You never ask for more
And (2) lonely night	You can be a princess
I love my computer	Or you can be my whore
For all you (3) to me:	And it's never been quite so easy
Predictable errors and no identity	I've never been quite so happy
And it's (4) (5) quite so easy	The world outside is so big
I've never been quite so happy	But it's safe in my domain
All I need to do is click on you	Because to you
And we'll be joined	I'm just a number
In the most soul-less way	And a clever (9) name
And we'll never (6) each other's day	All I need to do is click on you
'cuz when I'm (7) I just click	And we'll be (10) for eternity
And you (8) go away	And no one is ever gonna take my love
I love my computer	From me because I've got security
You're always in the mood	Her password and a key
I get so turned on
