

A perfect storm, perfect storm

## Fill in the gaps

| Oh, no.  | Cause once you're mine, once you're mine (love trippin') |
|--|--|
| Yeah   | There's no going back                                    |
| Ya'll know what it is                                | Uh   |
| Katy Perry   | She's a beast  |
| Juicy J, aha.  | I call her Karma (come back)                             |
| Let's rage   | She eats your heart out                                  |
| I knew you were                                      | Like Jeffrey Dahmer (woo)                                |
| You (1) gonna come to me                             | Be careful   |
| And here you are                                     | Try not to lead her on                                   |
| But you better choose carefully                      | Shorty's heart is on steroids                            |
| Cause I, I'm capable of anything                     | Cause her love is so strong                              |
| Of anything and everything                           | You may fall in love                                     |
| Make me your Aphrodite                               | When you meet her  |
| Make me your one and only                            | If you get the chance you better keep her                |
| But don't make me your enemy, your enemy, your enemy | She's sweet as pie but if you break her heart            |
| So you wanna play with magic                         | She'll turn cold as a freezer                            |
| Boy, you should (2) what you're falling for          | That fairy tale ending with a knight in shining armor    |
| Baby do you dare to do this?                         | She can be my Sleeping Beauty                            |
| Cause I'm coming at you like a dark horse            | I'm gon' put her in a coma                               |
| Are you ready for, ready for                         | Woo!   |
| A perfect storm, perfect storm                       | Damn I (5) I love her                                    |
| Cause once you're mine, once you're mine             | Shorty so bad, I'm sprung and I don't care               |
| There's no (3) back                                  | She ride me like a roller coaster                        |
| Mark my words  | Turned the bedroom into a fair (a fair!)                 |
| This love will make you levitate                     | Her love is like a drug                                  |
| Like a bird  | I was tryna hit it and (6) it                            |
| Like a bird without a cage                           | But lil' mama so dope                                    |
| But down to earth                                    | I messed around and got addicted                         |
| If you choose to walk away, don't walk away          | So you wanna play (7) magic                              |
| It's in the palm of your hand now baby               | Boy, you should know what you're falling for (you should |
| It's a yes or no, no maybe                           | know)  |
| So just be sure before you give it all to me         | Baby do you dare to do this?                             |
| All to me, give it all to me                         | Cause I'm coming at you like a dark (8) (like a          |
| So you wanna play with magic                         | dark horse)  |
| Boy, you should (4) what you're falling for          | Are you ready for, ready for (ready for)                 |
| Baby do you dare to do this?                         | A perfect storm, (9) storm (a perfect storm)             |
| Cause I'm coming at you like a dark horse            | Cause once you're mine, once you're mine (mine)          |
| Are you ready for, ready for                         | There's no going back                                    |
