

Fill in the gaps

I miss the taste of a (1) life	So I wonder where were you?
I miss the conversation	When all the roads you (7) (8) back to
I'm searching for a song tonight	me
I'm changing all of the stations	So I'm following the map (9) leads to you
I like to think that we had it all	The map that leads to you
We drew a map to a better place	Ain't nothing I can do
But on that road I took a fall	The map that leads to you
Oh baby why did you run away?	Following, following to you
I was there for you	The map that leads to you
In your darkest times	Ain't nothing I can do
I was there for you	The map that leads to you
In your darkest nights	Oh oh oh
But I wonder where were you?	Oh oh oh
When I was at my worst	Yeah yeah yeah
Down on my knees	Oh oh oh
And you said you had my back	Oh, I was there for you
So I wonder where (2) you?	Oh, in your darkest time
When all the roads you took came back to me	Oh, I was there for you
So I'm following the map that leads to you	Oh, in your darkest nights
The map (3) to you	Oh, I was there for you
Ain't nothing I can do	Oh, in your darkest time
The map that leads to you	Oh, I was there for you
Following, following to you	Oh, in your darkest nights
The map that leads to you	But I wonder (10) were you?
Ain't nothing I can do	When I was at my worst
The map that leads to you	Down on my knees
Following, following	And you said you had my back
I hear your voice in my sleep at night	So I wonder where were you?
Hard to resist temptation	When all the roads you took came back to me
'Cause something strange has (5) over me	So I'm following the map that leads to you
And now I can't get over you	The map that leads to you
No, I just can't get over you	Ain't nothing I can do
I was there for you	The map that leads to you
In your darkest times	Following, following to you
I was there for you	The map that leads to you
In your darkest nights	Ain't nothing I can do
But I wonder (6) were you?	The map that leads to you
When I was at my worst	Following, following
Down on my knees	
And you said you had my back	

1. sweeter

- 2. were
- 3. that
- 4. leads
- 5. come
- 6. where
- 7. took
- 8. came
- 9. that
- 10. where
