

Fill in the gaps

You're my last breath,			And we gave it time		
you're a breath of (1)	air to me		All (7)	are on the cloc	k
I am empty			Time takes too much time		
So tell me you care for me			Please make the waiting stop		
You're the first thing			And the atmosphere is charged		
And the last thing on my mind			In you I trust		
In your arms I feel			And I feel no fear as I		
Sunshine			Do as I must		
Give up (2)	(3)	the moment	Give up (8)		unto the moment
The (4) is now			The time is now		
Give up yourself unto the moment			Give up yourself unto the moment		
Let's make (5) moment last			Let's make this moment last		
You may find yourself			Give up yourself unto the moment		
Out on a limb for me			The time is now		
Could you expect it as			Give up yourself unto the moment		
A part of your destiny?			Let's make this moment last		
I (6) all I have			Tempted by fate		
But it's not enough			And I won't hesitate		
And my patience is shot			The time is now		
So I'm calling your bluff			Let's (9) this moment last		
Give up yourself unto the moment			And the night is young		
The time is now			The time is now		
Give up yourself unto the moment			Let's make this moment last		
Let's make this moment last			Give up yourself unto the moment		
Give up yourself unto the moment			The time is now		
The time is now			Give up yourself unto the moment		
Give up yourself unto the moment			Let's make this moment, last		
Let's make this moment last
