Midnight, you come and pick me up, no headlights	Can't stop (9) about you and I"
A (1) drive, could end in burning flames or	I said, "I've been there too a few times"
paradise	Cause you got that James Dean daydream (10) in
Fade into view, oh	your eye
It's been a while since I have even heard from you (heard	And I got that red lip classic thing that you like
from you)	And when we go crashing down we come back every time
I should just tell you to leave cause I	Cause we never go out of style, we never go out of style
Know exactly where it leads but I	You got that long hair slicked back, white t-shirt
Watch it go round and round each time	And I got that good girl faith and a tight little skirt
You got (2) James Dean daydream look in your	And when we go crashing down, we come back every time
eye	Cause we never go out of style, we never go out of style
And I got that red lip classic thing that you like	Take me home
And when we go crashing down we come back	Just take me home
(3) time	Just take me home
Cause we (4) go out of style, we never go out of	You got that James Dean daydream look in your eye
style	And I got that red lip classic thing that you like
You got that long hair slicked back, white t-shirt	And when we go crashing down we come back every time
And I got that good girl (5) and a tight little skirt	Cause we never go out of style, we never go out of style
And when we go crashing down, we come back every time	
Cause we (6) go out of style, we never go out of	
style	
So it goes, he can't keep his wild eyes on the road	
Takes me home, lights are off he's taking off his coat	
I say, "I've heard (7) you've (8) out and	
about	
With some other girl, some other girl"	
He says "What you've heard is true but I
