Kill Me (And Make It Quick) by Amelie

I heard your sound	everybody says it's easy if you let go
i caught (1) rhythm	i don't really care if i'm playing like i'm too close nov
knock me on the ground	you were lost so you could be found
flipping me upside down	oh, something, something leads to nothing
but i'll find a way somehow	nothing brings us down, down
cause i know (2) name	but can we (6) it around,
and i got your number	turn it around, eh
we could spark a flame	i think i'm gonna be sick
we could say it all out loud	i can't keep doing this
so don't it make you wonder now	kill me and make it quick
oh, something, something leads to nothing	i think it's all going well
nothing brings us down, down	i'm falling (7) your spell
but can we turn it around,	i'm walking right throught hell
turn it around, eh	if everything's gonna fall apart
i think i'm gonna be sick	i need the key so i can get back into your heart
i can't (3) doing this	i'd be in (8) for a day
kill me and make it quick	but everything you do just makes say
i think it's all going well	i think i'm gonna be sick
i'm falling (4) your spell	i can't keep doing this
i'm walking right throught hell	kill me and make it quick
i dream about your love	i think it's all going well
and drowing in your blue eyes	i'm falling (9) (10) spell
all i really know	i'm walking right throught hell
is you shot me with a (5) smile
