

## Fill in the gaps

From walking (1)	and (2) I	oads	And I'll be me	
To seeing (3)	in evening (4)		Everything that's broke	
with you			Leave it to the breeze	
From (5)	_ (6) and (	getting	Why don't you be you	
drunk			And I'll be me	
To staying up and (7) up with you			And I'll be me	
But now we're (8)	at the edge		Trying to fit (17)	(18) inside of mine
Holding something we don't need			When we know it (19) don't belong	
All (9) (10)	in our heads		There's no force on earth	
Is gonna bring us to our knees			Could make me feel right, no	
So come on let it go			Whoa	
Just let it be			Trying to push this problem up the hill	
Why don't you be you			When it's just too heavy to hold	
And I'll be me			Think now's the time to let it slide	
Everything that's broke			So (20) on let it go	
Leave it to the breeze			Just let it be	
Why don't you be you			Why don't you be you	
And I'll be me			And I'll be me	
And I'll be me			Everything that's broke	
From throwing (11)	(12)		Leave it to the breeze	
the floor			Let the (21)	fall
To teeth and claws and (13	3) doors	at you	Forget about me	
If (14) is all we're living for			Come on let it go	
Why are we doing it, doing it, anymore			Just let it be	
I used to recognize myself			Why don't you be you	
It's funny how (15)	change		And I'll be me	
When we're (16) something else			And I'll be me	
I think it's time to walk away	/			
So come on let it go				
Just let it be				
Why don't you be you
