

## Fill in the gaps

From walking home and talking loads	And I'll be me	
To seeing shows in evening (1)	Everything that's broke	
(2) you	Leave it to the breeze	
From nervous (3) and getting drunk	Why don't you be you	
To staying up and waking up (4) you	And I'll be me	
But now we're (5) at the edge	And I'll be me	
Holding (6) we don't need	Trying to fit (16) hand (17)	_ of mine
All this delusion in our heads	When we (18) it just don't belong	
Is (7) us to our knees	There's no force on earth	
So come on let it go	Could make me feel right, no	
Just let it be	Whoa	
Why don't you be you	Trying to push (19) (20)	up the
And I'll be me	hill	
Everything that's broke	When it's just too (21) to hold	
Leave it to the breeze	Think now's the (22) to let it slide	
Why don't you be you	So come on let it go	
And I'll be me	Just let it be	
And I'll be me	Why don't you be you	
From (9) clothes (10)	And I'll be me	
the floor	Everything that's broke	
To teeth and claws and (11) doors at you	Leave it to the breeze	
If this is all we're (12) for	Let the ashes fall	
Why are we doing it, doing it, anymore	Forget about me	
I (13) to recognize myself	Come on let it go	
It's funny how reflections change	Just let it be	
When we're becoming (14) else	Why don't you be you	
I think it's time to walk away	And I'll be me	
So (15) on let it go	And I'll be me	
Just let it be		
Why don't you be you
