

## Fill in the gaps

From walking home and talking loads	And I'll be me
To seeing (1) in evening (2)	Everything that's broke
with you	Leave it to the breeze
From nervous touch and getting drunk	Why don't you be you
To staying up and waking up with you	And I'll be me
But now we're sleeping at the edge	And I'll be me
Holding something we don't need	Trying to fit your hand inside of mine
All this delusion in our heads	When we know it just don't belong
Is gonna bring us to our knees	There's no (9) on earth
So come on let it go	Could make me feel right, no
Just let it be	Whoa
Why don't you be you	Trying to push this (10) up the hil
And I'll be me	When it's just too heavy to hold
Everything that's broke	Think now's the time to let it slide
Leave it to the breeze	So come on let it go
Why don't you be you	Just let it be
And I'll be me	Why don't you be you
And I'll be me	And I'll be me
From (3) clothes (4) the	Everything that's broke
floor	Leave it to the breeze
To teeth and claws and (5)	Let the ashes fall
(6) at you	Forget about me
If this is all we're living for	Come on let it go
Why are we doing it, doing it anymore	Just let it be
I used to recognize myself	Why don't you be you
It's funny how reflections change	And I'll be me
When we're (7) something else	And I'll be me
I think it's time to walk away	
So (8) on let it go	
Just let it be	
Why don't you be you
