You're The Voice by John Farfan

Fill in the gaps

We have the chance to turn the pages over	We're not gonna sit in silence
We can write what we wanna write	We're not gonna live with fear
We (1) make ends meet before we get much	You're the voice, try and understand it
older	Make a noise and make it clear
We're al someone's daughter	We're not gonna sit in silence
We're all someone's son	We're not (6) live with fear
How long can we look at each other	We're all someone's daughter
Down the (2) of a gun?	We're all someone's son
You're the voice, try and understand it	How long can we look at each other
Make a noise and make it clear	Down the barrel of a gun?
We're not gonna sit in silence	You're the voice, try and understand it
We're not gonna live with fear	Make a noise and make it clear
This time, you know that we all can stand together	We're not gonna sit in silence
With the power to be powerful	We're not (7) live (8) fear
Believing, we can (3) it better	You're the voice, try and understand it
We're all someone's daughter	Make a noise and make it clear
We're all someone's son	We're not (9) sit in silence
How (4) can we look at each other	We're not gonna live with fear
Down the barrel of a gun?	
You're the voice, try and understand it	
Make a noise and (5) it clear
