Starman by David Bowie

Fill in the gaps

Dian't know what time it was,	Don't tell your poppa or ne il get us locked up
the lights were low	in fright
I leaned back on my radio	There's a starman waiting in the sky
Some cat was layin' down	He'd like to come and meet us
some rock 'n' roll 'lotta soul, he said	But he thinks he'd blow our minds
Then the loud sound did seem to fade	There's a (7) waiting in the sky
Came back (1) a (2) voice on a	He's told us not to blow it
(3) of phase	Cause he knows it's all worthwhile
That weren't no D.J. that was hazy cosmic jive	He told me:
There's a starman waiting in the sky	Let the children lose it
He'd like to come and meet us	Let the children use it
But he thinks he'd blow our minds	Let all the children boogie
There's a starman waiting in the sky	There's a starman waiting in the sky
He's (4) us not to blow it	He'd like to come and (8) us
Cause he knows it's all worthwhile	But he thinks he'd blow our minds
He (5) me:	There's a starman waiting in the sky
Let the children lose it	He's told us not to blow it
Let the children use it	Cause he knows it's all worthwhile
Let all the children boogie	He told me:
I had to phone someone so I picked on you	Let the children (9) it
Hey, that's far out so you heard him too!	Let the children use it
Switch on the TV we may pick him up on channel two	Let all the children (10)
Look out (6) window I can see his light	
If we can sparkle he may land tonight
