## All The Things She Said by Simple Minds

Don't you look back on a big lost world	You've fought the fight so long, no surrender to temptation
Crying out tomorrow	Of all the things she said, she said
Don't you look down like the heroes say	Stars will fall out for you
Come tell me all about it	Luck will surrender
Take me to the streets where the bonfires burn	I'm calling out to you
Take me in your arms and I'll fade away	Oh to be near you in the first morning light
When I hear you say what you got to say	I'd be with you, I dream about you
Anywhere you go, you (1) I'll still be waiting	If I could leave here, I would (9) here tonight
All the things she said, she said	I'd be with you, I'd stay with you tonight
Little darling close your eyes, there'll be no compromising	Tonight
Of all the things she said, she said	Anywhere you go, you know I'll still be waiting
Throw me to the street (2) the heartbeats	Of all the things she said, she said
beating	When I look into your eyes, I see a new day rising
'Beating all around me'	Oh all the things she said, she said
To the peaceful revolution	Through the eyes of love, and to never (10) what
And the perfect wave, surround me	hate is
Tell me 'bout the (3) moving in slow motion	Of all the things she said, she said
I see it (4) in the sun	She said, this is our time, she said, this is our place
Then it's freezing in the moonlight	This is the space my heart wants to be
Never (5) back, (6) (7)	Little darling close your eyes, there'll be no compromising
back, never (8) away	All the things she said, she said
If freedom comes and goes, you know I'll still be waiting
