

Fill in the gaps

You would not believe your eyes	(Please take me away from here)
If ten million fireflies	Why do I tire of counting sheep?
Lit up the world as I fell asleep	(Please take me (7) from here)
'Cause they fill the open air,	When I'm far too tired to fall asleep
And leave teardrops everywhere	To ten million fireflies
You'd think me rude, but I (1) just stand and	I'm weird 'cause I hate good-byes
stare	I got (8) eyes as they said farewell (they said
I'd like to make myself believe	farewell)
That planet Earth turns slowly	But I'll know where several are
It's hard to say (2) I'd (3) stay	If my dreams get real bizarre
awake when I'm asleep	'Cause I saved a few and I keep them in a jar(jar, jar, jar)
'Cause everything is never as it seems	I'd like to make myself believe
'Cause I get a thousand hugs	That planet Earth turns slowly
From ten thousand lightning bugs	It's hard to say that I'd rather stay awake when I'm asleep
As (4) try to teach me how to dance	'Cause everything is never as it seems (when I fall asleep)
A (5) above my head,	I'd like to (9) myself believe
A sock hop beneath my bed,	That planet Earth turns slowly
A disco ball is just hanging by a thread (thread, thread)	It's hard to say that I'd rather stay awake when I'm asleep
I'd like to make myself believe	'Cause everything is never as it seems (when I fall asleep)
That planet Earth turns slowly	I'd like to make myself believe
It's hard to say that I'd rather stay awake when I'm asleep	That planet Earth turns slowly
'Cause (6) is never as it seems	It's hard to say that I'd rather stay awake when I'm asleep
(when I fall asleep)	Because my dreams are bursting at the (10)
Leave my door open just a crack	
(Please take me away from here)	
'Cause I feel like such an insomniac	

- 1. would
