

## Fill in the gaps

You change (1) mind	You, you don't (16) (17) stay, no
Like a (2) (3) clothes	You, but you don't really wanna go, oh
Yeah, you PMS (4) a bitch	You're hot then you're cold
I (5) know	You're yes then you're no
And you (6) think	You're in and you're out
Always speak cryptically	You're up and you're down
I (7) know	Someone (18) the doctor
That you're no good for me	Got a case of a love bipolar
'Cause you're hot then you're cold	Stuck on a rollercoaster
You're yes then you're no	Can't get off this ride
You're in and you're out	You (19) your mind
You're up and you're down	Like a girl changes clothes
You're wrong when it's right	'Cause you're hot (20) you're cold
It's (8) and it's white	You're yes then you're no
We fight, we break up	You're in and you're out
We kiss, we make up	You're up and you're down
You, you don't really (9) stay, no	You're wrong when it's right
You, but you don't really wanna go, oh	It's black and it's white
'Cause you're hot then you're cold	We fight, we break up
You're yes (10) you're no	We kiss, we make up
You're in and you're out	'Cause you're hot then you're cold
You're up and you're down	You're yes then you're no
We used to be (11) like twins, so in sync	You're in and you're out
The same energy now's a dead battery	You're up and you're down
Used to laugh 'bout nothing	You're wrong (21) it's right
Now you're plain boring	It's black and it's white
I (12) know	We fight, we break up
That you're not (13) change	We kiss, we (22) up
'Cause you're hot then you're cold	You, you don't really (23) stay, no
You're yes (14) you're no	You, but you don't really wanna go, oh
You're in and you're out	You're hot then you're cold
You're up and you're down	You're yes then you're no
You're (15) when it's right	You're in and you're out
It's black and it's white	You're up and you're down, down, down, down
We fight, we break up	
We kiss, we make up
