

Fill in the gaps

He's got fasting (1) lungs	Cause I'll never
Made of (2) splintered shardes	Never (12) alone
They're the (3) (4) (5) talk	Oh lord
Through a wheezing of coughs	Said I'm (13) for sure
And I hear him every night	Pale (14) the ghost
In every pore	Swollen on the shore
And every time he (6) (7) me warm	Every night
Freeze without an answer	in (15) pore
Free (8) all the shame	The (16) (17) do slither
Must I hide?	Deliver me from
Cause I'll never	Freeze (18) an answer
Never sleep alone	Free from all the shame
Look at how (9) flock to him	Then I'll hide
From an isle of open sores	Cause I'll never
He knows that the (10) is such	Never (19) alone
Such to die for	Freeze (20) an answer
And I (11) him every night	Free (21) all the shame
On every street	Let me die
The scales that do slither	Cause I'll never
Deliver me from	Never sleep alone
Freeze without an answer	
Free from all the shame	
Then I'll hide
