

Fill in the gaps

London calling to the far away towns		But while we (7) (8) – I saw you
Now war is (1)	and battle come down	nodding out
London calling to the underworld		London calling, see we ain't got no highs
Come out of the cupboard, you boys and girls		Except for that one with the yellowy eyes
London calling, now don't look at us		The ice age is coming, the sun is zooming in
Phoney Beatlemania has (2) the dust		Engines stop running, the wheat is growing thin
London calling, see we ain't got no swing		A nuclear error, but I (9) no fear
Cept for the ring of that truncheon thing		'Cause London is drowning and I - I live by the river
The ice age is coming, the sun zooming in		(x2)
Meltdown expected, the wheat is growing thin		Now get this!
Engines stop running, but I have no fear		London calling, yes, I was there, too
Cause London is drowning and I - (3) by the river		An' you know what (10) said? Well, some of it was
London calling to the imitation zone		true!
Forget it, brother, you can go it alone		London calling at the top of the dial
London (4) to the zombies of death		After all this, won't you give me a smile?
Quit holding out – and draw (5)_	breath	London calling
London (6) a	and I don't wanna shout	I never felt so much alike
