## Children Of The Sea by Black Sabbath

| n the misty morning, on the edge of time               | And it just had to be                                      |
|--|--|
| We've lost the rising sun, a final sign                | Yes they say that it's over                                |
| As the misty morning rolls away to die                 | We're lost children of the sea                             |
| Reaching for the stars, we blind the sky               | In the misty morning, on the edge of time                  |
| We sailed across the air before we learned to fly      | We've (5) the (6) sun, a final sign                        |
| We thought that it could (1) end                       | As the (7) morning (8) away to die                         |
| We'd glide above the ground before we (2)              | Reaching for the stars, we blind the sky                   |
| o run, run   | Oh they say that it's over, yeah                           |
| Now it seems our world has come undone                 | And it just had to be                                      |
| Oh they say that it's over                             | Oh they say that it's over                                 |
| And it just had to be                                  | Poor lost children of the sea, yeah                        |
| Ooh (3) say that it's over                             | Look out! the sky is falling down!                         |
| We're lost children of the sea, oh                     | Look out! The world is spinning round and round and round! |
| We made the mountains shake with laughter as we played | Look out! The sun is going black, black                    |
| Hiding in our corner of the world                      | Look out! It's (9) never never coming back, Look           |
| Then we did the demon dance and rushed to nevermore    | out!   |
| Threw away the key and locked the door                 |  |
| Oh (4) say that it's over yeah                         |  |
