

Fill in the gaps

I'll always remember	I was changed
It was late afternoon	In places no one would find
It lasted forever	All your feelings so deep inside (deep inside)
And ended too soon	It was then that I realized
You were all by yourself	That forever was in your eyes
Staring up at a dark gray sky	The moment I saw you cry
I was changed	I wanted to hold you
In places no one would find	i wanted to make it go away
All (1) so deep inside	I wanted to know you
(deep inside)	I wanted to make your everything, all right
It was then that I realized	I'll always remember
That forever was in (3) eyes	It was late afternoon
The moment I saw you cry	In places no one (5) find
The moment that I saw you cry	In places no one would find
It was (4) in september	All (6) feelings so (7) (8)
And I've seen you before (and you were)	(deep inside)
You were always the cold one	It was (9) (10) I realized
But i was never that sure	That forever was in your eyes
You were all by yourself	The moment I saw you cry
