

## Fill in the gaps

Remember all the things we wanted	You can't make it feel right when you know that it's wrong
Now all our memories they're haunted	I'm already gone, already gone
We were always meant to say goodbye	There's no moving on so I'm already gone
Even with our fists held high	Already gone, already gone
It never would've (1) out right	Already gone, already gone, already gone, yeah
We were never meant for do or die	Remember all the things we wanted
I didn't want us to burn out	Now all our memories they're haunted
I didn't come here to hold you, now I can't stop	We were always meant to say goodbye
I want you to know that it doesn't matter	I want you to know (6) it doesn't matter
Where we take this road someone's gotta go	Where we take (7) road someone's gotta go
And I want you to know you couldn't have loved me better	And I (8) you to (9) you couldn't have
But I want you to move on so I'm already gone	loved me better
Looking at you makes it harder	But I want you to move on so I'm already gone
But I know that you'll (2) another	I'm already gone, already gone
That doesn't always make you want to cry	You can't make it feel (10) when you know that
Started with a perfect kiss then we could feel the poison set in	it's wrong
Perfect couldn't keep this love alive	I'm already gone, already gone
You (3) that I love you so, I love you enough to let	There's no moving on so I'm already gone
you go

better	
But I want you to move on so I'm already gone	
I'm already gone, already gone
