## Won't Go Home Without You by Maroon 5

| I asked her to stay but she wouldn't listen           | Just give me one more chance to make it right      |
|---|--|
| And she left before I had the chance to say           | I may not make it through the night                |
| The words that would mend the things that were broken | I won't go home without you                        |
| But now it's far too late she's gone away             | Of all the things I've felt I've (7) really showed |
| Every night you cry yourself to sleep                 | Perhaps the worst is that I ever let you go        |
| Thinking why does this happen to me?                  | I (8) not ever let you go                          |
| Why (1) (2) moment have to be so                      | It's not over tonight                              |
| hard?   | Just give me one more chance to make it right      |
| Hard to believe it                                    | I may not make it through the night                |
| It's not over tonight                                 | I won't go home without you                        |
| Just give me one more chance to (3) it right          | It's not over tonight                              |

| I won't go home without you                           | I may not make it through the night                |
| The taste of her breath, I'll never get over          | I won't go home without you                        |
| And the noises that she made kept me awake            | And I won't go home without you                    |
| The weight of the things that remain unspoken         | And I won't go home without you                    |
| Built up so much, it crushed us every day             | And I won't go home without you                    |
| Every night you cry yourself to sleep                 |  |
