| It's been so long                                |
| That I haven't seen your face                    |
| I'm tryna be strong                              |
| But the strength I have is washing away          |
|                                                  |
| It wont be long                                  |
| Before I get you by my side                      |
| And just hold you, tease you, (1) you            |
| Tell you what's been on my mind                  |
|                                                  |

| And we show our eyes that night                  |
| Even said somethings weren't true                |
| Why'd you go and haven't seen my girl since then |
| Why can't it be the way it was?                  |
| Cos you were my homie, lover and friend          |
