

## Fill in the gaps

### The Big Bang Theory by Barenaked Ladies

Our (1)\_\_\_\_\_ universe was in a hot dense state,  
Then nearly fourteen billion years ago expansion started.  
Wait...  
The Earth (2)\_\_\_\_\_ to cool,  
The autotrophs began to drool,  
Neanderthals developed tools,  
We built a wall (we built the pyramids),  
Math, science, history, unraveling the mysteries,  
That all started with the big bang!  
"Since the dawn of man" is really not that long,  
As every galaxy was formed in less time than it takes to sing  
this song.  
A fraction of a second and the (3)\_\_\_\_\_ were  
made.  
The bipeds stood up straight,  
The dinosaurs all met their fate,  
They tried to leap but they were late  
And they all (4)\_\_\_\_\_ (they froze their asses off)  
The oceans and pangea

See ya wouldn't wanna be ya  
Set in motion by the same big bang!  
It all started with the big BANG!  
It's expanding ever outward but one day  
It will pause (5)\_\_\_\_\_ start to go the other way,  
Collapsing ever inward, we won't be here, it (6)\_\_\_\_\_ be  
hurt  
Our best and (7)\_\_\_\_\_ (8)\_\_\_\_\_  
that it'll (9)\_\_\_\_\_ an even bigger bang!  
Australopithecus would really have been (10)\_\_\_\_\_ of us  
Debating why were here they're catching deer (we're catching  
viruses)  
Religion or astronomy, Encarta, Deuteronomy  
It all started with the big bang!  
Music and mythology, Einstein and astrology  
It all started with the big bang!  
It all started with the big BANG!

## Fill in the gaps

Answer

1. whole
2. began
3. elements
4. died
5. then
6. wont
7. brightest
8. figure
9. make
10. sick
