Our whole universe was in a hot dense state,
Then nearly fourteen billion years ago expansion started.

The Earth began to cool,
The autotrophs began to drool,

We built a wall (we built the pyramids),
Math, science, history, unraveling the mysteries,
That all started with the big bang!
"Since the (1)_____ of man" is really not that long,

It will pause then start to go the (4)_____ way,
