

## Fill in the gaps

### The Big Bang Theory by Barenaked Ladies

Our whole universe was in a hot dense state,  
Then nearly fourteen billion years ago expansion started.  
Wait...  
The Earth began to cool,  
The autotrophs began to drool,  
Neanderthals developed tools,  
We built a wall (we built the pyramids),  
Math, science, history, unraveling the mysteries,  
That all started with the big bang!  
"Since the dawn of man" is really not that long,  
As every galaxy was formed in (1)\_\_\_\_\_ time than it  
takes to sing this song.  
A fraction of a second and the elements were made.  
The bipeds stood up straight,  
The dinosaurs all met their fate,  
They (2)\_\_\_\_\_ to leap but they (3)\_\_\_\_\_ late  
And they all died (they froze their asses off)  
The oceans and pangea

See ya wouldn't wanna be ya  
Set in motion by the same big bang!  
It all started with the big BANG!  
It's expanding ever outward but one day  
It will pause then start to go the other way,  
Collapsing ever inward, we won't be here, it wont be hurt  
Our best and brightest (4)\_\_\_\_\_ that it'll  
(5)\_\_\_\_\_ an even bigger bang!  
Australopithecus would really have been (6)\_\_\_\_\_ of us  
Debating why were here they're catching (7)\_\_\_\_\_ (we're  
catching viruses)  
Religion or astronomy, Encarta, Deuteronomy  
It all started (8)\_\_\_\_\_ the big bang!  
Music and mythology, Einstein and astrology  
It all started with the big bang!  
It all (9)\_\_\_\_\_ with the big BANG!

Answer

1. less
2. tried
3. were
4. figure
5. make
6. sick
7. deer
8. with
9. started
