

## Fill in the gaps

### The Big Bang Theory by Barenaked Ladies

Our whole (1)\_\_\_\_\_ was in a hot dense state,  
Then nearly fourteen (2)\_\_\_\_\_ years ago  
expansion started. Wait...  
The Earth began to cool,  
The autotrophs began to drool,  
Neanderthals developed tools,  
We built a wall (we built the pyramids),  
Math, science, history, unraveling the mysteries,  
That all started with the big bang!  
"Since the dawn of man" is really not that long,  
As (3)\_\_\_\_\_ galaxy was (4)\_\_\_\_\_ in less  
time than it takes to sing this song.  
A fraction of a second and the elements (5)\_\_\_\_\_ made.  
The bipeds stood up straight,  
The dinosaurs all met their fate,  
They tried to leap but (6)\_\_\_\_\_ were late  
And they all died (they froze their asses off)  
The oceans and pangea

See ya wouldn't wanna be ya  
Set in motion by the (7)\_\_\_\_\_ big bang!  
It all started with the big BANG!  
It's expanding ever outward but one day  
It will pause then start to go the (8)\_\_\_\_\_ way,  
Collapsing ever inward, we won't be here, it won't be hurt  
Our best and brightest figure that it'll make an even  
(9)\_\_\_\_\_ bang!  
Australopithecus would really have been sick of us  
Debating why we're here they're catching deer (we're catching  
viruses)  
Religion or astronomy, Encarta, Deuteronomy  
It all started with the big bang!  
Music and mythology, Einstein and astrology  
It all started with the big bang!  
It all (10)\_\_\_\_\_ with the big BANG!

## Fill in the gaps

### Answer

1. universe
2. billion
3. every
4. formed
5. were
6. they
7. same
8. other
9. bigger
10. started
