

Fill in the gaps

When I look into your eyes	I'm here to stay and make the difference that I can make
It's like watching the night sky	Our (4) they do a lot to teach us
Or a beautiful sunrise	how to use
Well, there's so (1) they hold	The tools and gifts we got, yeah, we got a lot at stake
And just like (2) old stars	And in the end, you're still my friend at least we did intend
I see that you've come so far	For us to work we didn't break, we didn't burn
To be right where you are	We had to learn how to bend without the (5)
How old is your soul?	caving in
Well, I won't give up on us	I had to learn what I've got, and what I'm not, and who I am
Even if the skies get rough	I won't give up on us
I'm giving you all my love	Even if the skies get rough
I'm still looking up	I'm (6) you all my love
And when you're needing your space	I'm still looking up, still looking up.
To do some navigating	Well, I won't (7) up on us (no I'm not giving up)
I'll be (3) patiently waiting	God knows I'm (8) enough (I am tough, I am
To see what you find	loved)
'Cause even the stars they burn	We've got a lot to learn (we're alive, we are loved)
Some even fall to the earth	God knows we're worth it (and we're worth it)
We've got a lot to learn	I won't give up on us
God knows we're worth it	Even if the skies get rough
No, I won't give up	I'm giving you all my love
I don't wanna be someone who walks away so easily	I'm (9) looking up
