### She's Killing Me (Acoustic) by A Rocket To The Moon

All my (1) are coming over	I hat lead back home (so come back home)
And I hope nobody told her	She'll pick a fight for no good reason
She has a way of turning sunshine into rain	She knows I'll never leave
've got on that (2) she hates	I love her half to death
just (3) (4) face she'll make	But she's (18) me
Even though it hurts	And I wouldn't have it any (19) way
She's my (5) pain	She can (20) her clothes
She never drives her car	She can change her hair
She (6) me crazy	But she'll always be the same
She (7) out of gas	So I went out, and bought her roses
And somehow I'm to blame	She complained about the thorns
II (8) her out, and drop her off	I caught her smiling
On the outskirts of our town	And that's (21) I do it for
(9) a trail of roses	And I'll take her out
That lead back home (so come back home)	And drop her off
She'll pick a fight for no good reason	On the outskirts of our town
She (10) I'll never leave	I leave a (22) of roses
love her half to death	That lead back (23) (so come back home)
But she's (11) me	She'll pick a (24) for no good reason
And all my friends	She (25) I'll never leave
They say they like her	I love her half to death
But I (12) behind my back	(Oh) yeah
They all think the same things	I love her (26) to death
That I do	I leave a trail of roses
She spends her daddy's creditcard	So come back home
And (13) that I'm the one who's lazy	(I love her half to death)
She's (14) a dream	She'll (27) a fight for no (28) reason
And a (15) true	She knows I'll never leave
And I'll take her out	I love her half to death
And drop her off	She's killing me
On the (17) of our town
