

## Fill in the gaps

Sparks fly, it's (1) electricity	'Cause when I'm (14) you my senses come
I might die when I forget how to breathe	alive
You get closer and there's nowhere	Almost like the puzzle (15) I've been trying to
In (2) world I'd (3) be	find
Time stops like (4) around me	Falls right into place, you're all that it takes
It's frozen and nothing matters but these	My (16) fade away when I'm kissing you
Few moments when you open	When I'm kissing you it all starts making sense
My mind to things I've never seen	And all the questions I've been asking in my head
'Cause when I'm kissing you my senses come alive	Like are you the one?, Should I (17) trust?
Almost like the puzzle (5) I've been	Crystal clear it becomes when I'm kissing you
(6) to find	I've never (18) nothing like this
Falls (7) into place, you're all that it takes	You're making me open up
My doubts fade (8) when I'm kissing you	No point even trying to (19) this
When I'm kissing you it all starts making sense	It (20) feels like it's love
And all the questions I've been asking in my head	'Cause when I'm (21) you my senses come
Like are you the one?	Almost (22) the puzzle piece I've been trying to
Should I really trust?	find
Crystal clear it becomes when I'm kissing you	Falls right into place, you're all that it takes
Past loves, they never got really far	My doubts fade away (23) I'm kissing you
Walls up, (9) sure I guarded my heart	When I'm kissing you it all (24) making sense
And I promise I wouldn't do this	And all the (25) I've (26)
'Til I (10) it was (11) for me	(27) in my head
But no one, no guy (12) I met before	Like are you the one?
Could make me feel so (13) and secure	Should I really trust?
And have you noticed I lose my focus?	Crystal clear it becomes
And the world around me disappears	When I'm kissing you
