

Fill in the gaps

And you came to me one night	'Cause life is kind (6) you
_ike a (1) light	And I know I can make it through
Just to hold me tight	Without you, without you
Then you left and I was so alone	Round and round
Saying I should have known	I feel love for sure
You're no good for me	Spinning all around
There's no reason I should cry	Now you want me, don't you
No, no baby, I'll survive	No one will ever hold you tight
don't care	No one will (7) love you like
don't care	Now you're back, I can feel your love
No one will ever (2) you tight	(Oh) yeah
No one will ever love you like	I'm never gonna let you
Just no one like I do	No one will (8) treat you right
There is no one, no one	You're the one who's never satisfied
No one (3) (4) treat you right	After all, you can fall
You're the one who's never satisfied	And there's no one you can reach to
There is no one (5) I	No one will ever, ever love you
Like I am	No one will ever, ever touch you
can feel what you're looking for	No one will ever, ever hold
'm not that girl no more	Turn (9) now, just turn around now
'm not made of stone	If you love me, yeah
'm gonna stand on my own	No one like me
Not gonna break me down	No one, no one
No one will stop me now	
No, no, no, no
