

Fill in the gaps

Fallen Kingdom (Parody) by Capitan Sparklez & TryHardNinja

| I used to rule the world | I tried all (14) I (15) to stay and fight |
|--|--|
| Chunks would load when I (1) the word | As the (16) roamed the street |
| Now every night I go stow away | Families broken at my feet |
| Hide from the mobs I used to slay | Life (17) suspended by a thread |
| They once (2) terrified | (Oh) why is it that I wasn't dead |
| Every (3) I looked into their eyes | I gaze off into the boundless skyline |
| Villagers would (4) my way | Noteblock choirs playing in the sunshine |
| For a hero I was, that's (5) they'd say | Turn 'round pick up my sword and wield |
| One minute we had it all | The (18) that once forced evil mobs to yield |
| Next our world began to fall | If this battle should make me slain |
| Away from all (6) it had (7) become | I know Herobrine will call my name |
| They all cried for my help, but I stood there numb | Better to take a stand |
| I gaze off into the boundless skyline | And that was (19) I ruled the land |
| Noteblock choirs playing in the sunshine | I gaze off into the boundless skyline |
| Turn 'round pick up my (8) and wield | Noteblock choirs playing in the sunshine |
| The blade that once (9) evil mobs to yield | Turn 'round pick up my (20) and wield |
| And hope one day (10) this chaos and | The (21) once forced |
| Destruction turns for the better | (23) mobs to yield |
| Never a bow in hand | If this (24) (25) make me |
| And (11) was when I ruled the land | slain |
| There was the (12) and skeletons | l know (26) will (27) my |
| Blew (13) the doors and boxed us in | name |
| Arrows whizzing by like streaks of light | Better to take a stand |
| | And that was when I ruled the land |
