You left me in the dark

## Fill in the gaps

## Cosmic Love by Florence + The Machine

A falling star	No dawn, no day
Fell from your heart	I'm always in (4) twilight
And landed in my eyes	In the shadow of your heart
I screamed aloud	
As it tore (1) them	I took the stars (5) our eyes
And now it's left me blind	And then I (6) a map
The stars, the moon	And knew that somehow
They have all been blown out	I could (7) my way back
You left me in the dark	Then I heard your heart beating
No dawn, no day	You (8) in the darkness too
I'm always in this twilight	So I stayed in the darkness with you
In the shadow of your heart	The stars, the moon
And in the dark	They have all been (9) out
I can (2) your heartbeat	You left me in the dark
I tried to find the sound	No dawn, no day
But then it stopped	I'm always in this twilight
And I was in the darkness	In the shadow of your heart
So darkness I became	
The stars, the moon	
They have all been (3) out
