

## Fill in the gaps

| Weekends in bed                          | We spend all our time lying side by side |
|--|--|
| No scramble eggs or bacon                | Going nowhere, it's really something     |
| I just have (1) for you                  | Getting busy, doing nothing              |
| Backs on the grass                       | We spend all our time (7) our lives      |
| Heads in the clouds                      | Going nowhere, it's really something     |
| We closed our eyes                       | Getting busy, doing nothing              |
| Enjoy the view                           | Doing nothing                            |
| We don't wanna hear                      | We should be working hard                |
| The real world passing by                | Instead of lying (8) naked               |
| Saying that we're crazy                  | Phone rings but I wont take it           |
| We spend all our time lying side by side | 'Cause you only get one life             |
| Going nowhere, it's really something     | Only get one life                        |
| Getting busy, doing nothing              | All our (9) (10) side by side            |
| We spend all our time (2) our lives      | Going nowhere, it's really something     |
| Going nowhere, it's really something     | Getting busy doing nothing               |
| Getting busy, (3) nothing                | We spend all our time running our lives  |
| No magazines or DVD's                    | Going nowhere, it's really something     |
| We both got (4) things to do             | Getting busy, doing nothing              |
| I'll (5) your hand                       | All our time                             |
| Or shall we (6) together?                | Doing nothing                            |
| It's so hard to choose                   | All our time                             |
| Every time we hear                       | Getting busy, doing nothing              |
| The whole world rush by                  |  |
| I know that we're not crazy              |  |
