I'm going crazy, going crazy, going crazy

## Fill in the gaps

### Goin' Crazy by Dizzee Rascal & Robbie Williams

| Every single morning                       | I believe I'm losing my mind                       |
|--|--|
| Wake up in the afternoon                   | Living in a bubble                                 |
| (Yeah)                                     | My life is a puzzle                                |
| Cover up the mirror                        | I'm (6) in the rubble                              |
| Just to get a better view                  | Now pass me a shovel                               |
| (Yeah)                                     | Now pass me a shot                                 |
| Been around the (1) and                    | And (7) it a double                                |
| Never even left the room                   | I'm a whole lot of trouble                         |
| (Aah)                                      | And I don't do subtle                              |
| And I                                      | It's all or nothing                                |
| I can't (2) out                            | I don't wanna juggle                               |
| Why  | No crabs in a bucket                               |
| So I just scream and shout                 | I don't wanna huddle                               |
| I believe I, I believe I                   | I've got my own name                               |
| I believe I, I believe I                   | Trying to figure out the whole game                |
| I'm going crazy, going crazy, going crazy  | Going insane                                       |
| I believe I'm losing my mind               | One fifty in the (8) lane                          |
| Everybody's looking at me                  | Getting ahead of myself                            |
| But I don't see them                       | I've what already thinking how can I better myself |
| Living for the weekend                     | Should I be somebody else                          |
| Caught in the deep end                     | Should I be (9) myself                             |
| Trying to tread water                      | My car's a rocket, and if I get too carried away   |
| Do it for my unborn daughter               | I wouldn't know when to stop it, yo                |
| Lamb to the slaughter                      | I  |
| Life's (3) shorter                         | I can't figure out                                 |
| Trying to get high off a quarter           | Why  |
| I'm fly in a saucer, my life is a corker   | So I just scream and shout                         |
| Star, pop bottles, (4) top models          | I believe I, I believe I                           |
| Middle finger in the air                   | I believe I, I believe I                           |
| Not a care, going full throttle            | I'm going crazy, going crazy, going crazy          |
| Where's the love though                    | I believe I'm losing my mind                       |
| Nobody (5) about that                      | I'm trying to get a hold of                        |
| Where's the club, where's the drugs though | Trying to get a hold of you                        |
| Front row                                  | ()   |
| Follow the flow, Megaupload                | Trying to get control of                           |
| Feel the adrenaline rush                   | Trying to get (10) of me                           |
| Who's the mug though, I don't know         | ()   |
| I  | Trying to get a hold of (I believe I)              |
| I can't figure out                         | Trying to get a hold of you (I'm going crazy)      |
| Why  | (Going crazy, going crazy, going crazy)            |
| So I just scream and shout                 | ()   |
| I believe I, I believe I                   |  |
| I believe I, I believe I                   |  |
