

We're going all the way

Tonight

## Fill in the gaps

In the beginning	Take me to the other side
I never (1) it would be you	Sparks fly like the fourth of July
When we were chilling	Just take me to the other side
Smiling in the photo booth	I see that sexy look in your eyes and I know
But we got closer (yeah)	We ain't friends anymore
Till you were eating off my spoon	If we walk down this road
And coming over	We'll be lovers for sure
And we would talk all afternoon	So tonight
Tonight we'll just get drunk	Kiss me like it's do or die
Disturb the peace	And (5) me to the other side (woah)
Bind your hands	(Woah)
All over me	(Woah)
And then you bite your lip	Kiss me (6) it's do or die (woah)
Whisper and say	And (7) me (to the other side)
We're going all the way	Tonight we'll just get drunk
Tonight	Disturb the peace
Take me to the other side	Let your love
Sparks fly like the fourth of July	Crash into me
Just take me to the (2) side	And then you bite your lip
I see that sexy look in your eyes and I know	Whisper and say
We ain't friends anymore	We're going all the way
If we walk down this road	Tonight
We'll be lovers for sure	Take me to the other side
So tonight	Sparks fly like the fourth of July (just (8) you yeah
Kiss me like it's do or die	Just take me to the (9) side (take me baby)
And take me to the other side	I see that sexy look in your eyes and I know
This (3) be perfect	We ain't friends anymore
(Yeah)	If we walk down this road
But we won't (4) unless we try (try)	We'll be lovers for sure
I know you're nervous	So tonight (so tonighth)
So just sit back and let me drive	Kiss me like it's do or die (kiss me like, kiss me like)
Tonight we'll just get drunk	And take me to the other side (woah)
Disturb the peace	Take me to the other side (woah)
Bind your hands	And take me to the other side (woah)
All over me	Kiss me (10) it's do or die (woah)
And then you bite your lip	And take me to the other side
Whisper and say	

## 1. thought

- 2. other
- 3. could
- 4. know
- 5. take
- 6. like
- 7. take
- 8. with 9. other
- 10. like

## Fill in the gaps
