

Fill in the gaps

He said the way my blue eyes shined	When you think Tim McGraw
Put (1) Georgia (2) to shame that	I hope you (11) my (12)
night	song
I said that's a lie	The one you danced to all night long
Just a boy in a chevy truck	The moon like a spotlight on the lake
That had a tendency of getting stuck	When you think happiness
On backroads at night	I hope you think that little black dress
And I was right there beside him	Think of my head on your chest
All (3) long	And my old (13) blue jeans
And (4) the time	When you think Tim McGraw
We woke up to find	I hope you think of me
That summer'd gone	And I'm back for the first time since then
And when you think Tim McGraw	I'm standing on your street
I hope you think my (5) song	And there's a letter left on your doorstep
The one we danced to all night long	And the first (14) that you'll read
The moon like a (6) on the lake	Is (15) you think Tim McGraw
When you (7) happiness	I (16) you think my favourite song
I hope you think that little (8) dress	So then you'll turn your (17) on
Think of my head on your chest	I hope it (18) you (19) to that place
And my old faded blue jeans	When you think happiness
When you (9) Tim McGraw	I hope you (20) that little (21)
I hope you think of me	dress
September saw a month of tears	Think of my head on your chest
And thanking God that you weren't here	And my old faded blue jeans
To see me like that	When you think Tim McGraw
But in a box beneath my bed	I hope you (22) of me
There's a (10) that you never read	You think of me
Three summers back	He (23) the way my blue eyes shined
It's hard not to find it all a little	Put (24) (25) stars to shame
Bitter sweet	that night
And looking back on all the sad	I said that's a lie
It's nice to believe	

1. those
