

It started with a low light

## Fill in the gaps

'Cause it wasn't televised...

Next thing I knew they ripped me from my bed	But it was a turning point
And then they (1) my blood type	Oh what a lonely night
They (2) a strange impression in my head	The star maker says it ain't so bad
You know that I was hoping	The dream maker's gonna make you mad
That I could leave this star-crossed world behind	The spaceman says everybody look down
But when they cut me open	It's all in your mind
guess I changed my mind	The star maker says it ain't so bad
And you know I might	The dream maker's gonna make you mad
Have just flown too far (3) the floor this time	The (6) says (7)
Cause they calling me by my name	look down
And the zipping white light beams	Its all in your mind
Disregarding bombs and satellites	My (8) position systems are vocally
That was the turning point	addressed
That was one lonely night	They say the Nile used to run from east to west
The star maker says it ain't so bad	They say the (9) (10) to run from east
The dream maker's (4) make you mad	to west
The spaceman says everybody look down	I'm fine
ts all in your mind	But I hear those voices at night
Well now I'm back at (5) and	Sometimes
'm looking forward to this life I live	The star maker says it ain't so bad
You know it's gonna haunt me	The dream maker's gonna make you mad
So hesitation to this life I give	The spaceman says everybody look down
You think you might cross over	Its all in your mind
You caught between the devil and the deep blue sea	The star maker says It ain't so bad
You better look it over	The dream maker's gonna make you mad
Before you make that leap	The spaceman says everybody look down
And you know I'm fine but I hear those voices at night	It's all in your mind
Sometimes they justify my claim	It's all in my mind
And the public don't dwell on my transmission	It's all in my mind
