It started (1) a low light	Cause it wasn't televised
Next thing I (2) they (3) me from	But it was a (19) point
my bed	Oh what a lonely night
And then they took my blood type	The (20) maker says it ain't so bad
They (4) a strange impression in my head	The (21) maker's gonna make you mad
You (5) that I was hoping	The spaceman says everybody look down
That I could leave this star-crossed world behind	It's all in your mind
But when (6) cut me open	The star (22) it ain't so bad
I guess I changed my mind	The dream maker's gonna make you mad
And you know I might	The (24) says
Have just flown too far from the floor this time	(25) look down
Cause they (7) me by my name	Its all in your mind
And the zipping (8) light beams	My global position systems are vocally addressed
Disregarding (9) and satellites	They say the Nile used to run from east to west
That was the (10) point	They say the Nile used to run (26) east to west
That was one lonely night	I'm fine
The (11) maker (12) it ain't so bad	But I hear those voices at night
The dream maker's gonna make you mad	Sometimes
The spaceman says everybody look down	The star maker says it ain't so bad
Its all in your mind	The dream maker's gonna make you mad
Well now I'm (13) at home and	The spaceman says everybody look down
I'm looking (14) to this life I live	Its all in (27) mind
You know it's gonna haunt me	The (28) maker says It ain't so bad
So hesitation to this life I give	The dream maker's gonna make you mad
You think you might cross over	The spaceman says everybody look down
You (15) between the devil and the deep	It's all in your mind
(16) sea	It's all in my mind
You better look it over	It's all in my mind
Before you make that leap	
And you know I'm fine but I (17) those voices at	
night	
Sometimes they justify my claim	
And the public don't (18) on my transmission
