

## Fill in the gaps

### Sleeping In The Fire by Wasp

Touch, touch in the flame's desires

Feeling the pain's denial,

And your fingers in the fire

Look, (1)\_\_\_\_\_ in the candle light

See in the flame of life

And my spell is our lie

[Chorus:]

Taste the love

The Lucifer's (2)\_\_\_\_\_ that makes you numb

The passion and all the pain are one

You're (3)\_\_\_\_\_ in the fire

Taste the love

The Lucifer's magic that (4)\_\_\_\_\_ you numb

You feel (5)\_\_\_\_\_ it (6)\_\_\_\_\_ and you're (7)\_\_\_\_\_ on love

You're sleeping in the fire

I gaze at the (8)\_\_\_\_\_ and (9)\_\_\_\_\_ burn

And cry out the name of which I yearn

[Chorus]

Taste the love

The Lucifer's magic that makes you numb

The passion and all the pain are one

You're sleeping in the fire
