SUB inglés

Fill in the gaps

Snow (Hey Oh) by Red Hot Chili Peppers

Come to decide that the things that I tried	Running to the field where all my (6) will be
Were in my life just to get high on	concealed
When I sit alone come get a little known	And there's nowhere to go
But I need more than myself this time	
Step from the road to the sea to the sky	When to descend to amend for a friend
And I do believe it, we rely on	All the channels that (7) broken down
When I lay it on come get to play it on	Now you bring it up, I'm gonna ring it up
All my life to sacrifice	Just to hear you sing it out
(Hey oh), listen what I say, (oh)	Step from the road to the sea to the sky
I got your (hey oh), now listen what I say, (oh)	And I do believe what we rely on
When (1) I know that I really can't go	When I lay it on, come get to play it on
To the well once more time to decide on	All my life to sacrifice
When it's killing me, (2) will I really see	(Hey oh), listen what I say, (oh)
All that I need to look inside	I got your (hey oh), listen what I say, (oh)
Come to believe (3) I better not leave	The more I see, the less I know
Before I get my chance to ride	The more I like to let it go
When it's killing me, what do I really need	(Hey oh, whoa)
All that I need to look inside	Deep beneath the cover of another perfect wonder
(Hey oh), listen what I say, (oh)	Where it's so white as snow
Come back and (hey oh), look at what I say, (oh)	Privately divided by a world so undecided
The more I see, the less I know	And there's nowhere to go
The more I like to let it go	In between the (8) of (9)
(Hey oh, whoa)	perfect wonder
Deep beneath the cover of another (4)	Where it's so white as snow
wonder	Running through the field where all my tracks will be
Where it's so (5) as snow	concealed
Privately divided by a world so undecided	And there's nowhere to go
And there's nowhere to go	I said (hey, hey yeah, oh yeah)
In between the cover of another perfect wonder	Tell my (10) now
And it's so white as snow	(Hey, hey yeah, oh yeah)

- 1. will
- 2. when
- 3. that
- 4. perfect
- 5. white
- 6. tracks
- 7. have
