## Stay The Night by James Blunt

Then what we've got is gold
We're shining bright and I want you

## Fill in the gaps

(Ooooooh, ooooooh, hey!)	I want you to know
It's seventy two degrees, zero chance of rain	The morning's on it's way
It's been a perfect day	Our friends all say goodbye
We're all (1) on our heels, so far away	There's nowhere else to go
from real	I hope that (4) stay the nigh
In California, (hey)	(Ooooooh)
We watched the sunset from our car, we all took it in	You'll stay the night
And by the time that it was dark	(Ooooooh yeah)
You and me had something, (yeah)	Just like the song on our radio set
And if this is what we've got	We'll share the shelter of my single bed
Then what we've got is gold	But it's a different tune that's stuck in my head
We're shining bright and I want you	And it goes
I want you to know	If (5) is what we've got
The morning's on it's way	Then what we've got is gold
Our (2) all say goodbye	We're shining bright and I want you
There's nowhere else to go	I want you to know
I hope that you'll stay the night	The morning's on it's way
(Ooooooh)	Our (6) all say goodbye
You'll stay the night	There's (7) else to go
(Ooooooh yeah)	I hope that (8) stay the nigh
We've been singing Billie Jean	If this is what we've got
Mixin' vodka with caffeine	Then what we've got is gold
We've got strangers stopping by	We're shining bright and I want you
And though you're out of tune	I want you to know
Girl you blow my mind, you do	The morning's on (9) way
And I'll say I don't wanna say good night	Our (10) all say goodbye
There's no quiet corner to get to know each other	There's nowhere else to go
And there's no hurry I'm a (3) man	I hope that you'll stay the night
ls your discover	
Cause if this is what we've got
