

Fill in the gaps

Please understand	I'm empty with the need to
This isn't just goodbye	Curse my enemies forever
This is I can't (1) you	Let's slit our wrists and burn down something beautiful
This is where the road crashed into the ocean	This desperation leaves me overjoyed
It rises all around me	With fading (3) that lead us past the lives that
And now we're barely breathing	we destroy
A thousand faces we'll choose to ignore	Curse my (4) forever
Curse my enemies forever	Let's slit our wrists and burn (5) something
Let's slit our wrists and (2) down something	beautiful
beautiful	This desperation is leaving me overjoyed
This desperation leaves me overjoyed	With (6) lights that lead us past the lives that
With fading lights that lead us past the lives that we destroy	we destroy
I listen to you cry	Please understand
A cry for less attention	Lay rotting (7) I fall
But both my hands are tied	I'm dead from bad intentions
And I'm pushed into the deep end	Suffocated and embalmed
I listen to you talk but talk is cheap	And now all our dreams are cashed in
And my mouth is filled with blood	You swore you wouldn't lose then lost your brain
From trying not to speak	You (8) a (9) that feels like pain
So search for an excuse	So please understand
And someone to believe you	This isn't just goodbye
In foreign dressing rooms	This is I can't stand you
