

Fill in the gaps

Please understand	I'm empty with the need to
This isn't just goodbye	Curse my enemies forever
This is I can't stand you	Let's (6) our wrists and burn down something
This is where the road crashed into the ocean	beautiful
It rises all (1) me	This desperation leaves me overjoyed
And now we're barely breathing	With fading lights that lead us past the lives (7) we
A thousand faces we'll (2) to ignore	destroy
Curse my enemies forever	Curse my enemies forever
Let's slit our wrists and burn down something beautiful	Let's slit our wrists and burn (8) something
This desperation leaves me overjoyed	beautiful
With fading lights that lead us past the lives that we destroy	This desperation is leaving me overjoyed
I listen to you cry	With fading lights that lead us past the (9) that
A cry for less attention	we destroy
But both my hands are tied	Please understand
And I'm pushed into the (3) end	Lay rotting where I fall
I listen to you (4) but talk is cheap	I'm (10) from bad intentions
And my mouth is filled with blood	Suffocated and embalmed
From trying not to speak	And now all our dreams are cashed in
So search for an excuse	You swore you wouldn't lose then lost your brain
And someone to believe you	You make a sound that feels like pain
In (5) dressing rooms	So please understand
	This isn't just goodbye
	This is I can't stand you
