Through The Fire And The Flames by DragonForce

On a (1) winter morning, in the time before the light	Running back (11) the mid-morning light
In flames of death's eternal reign we ride towards the fight	There's a burning in my heart
And the darkness is falling down	We're banished from the time in the fallen land
And the (2) are tough all right	To a (12) beyond the stars
The sound of evil (3) falls	In the blackest dreams we do believe
(4) the world tonight	Our (13) time
Fighting high, fighting on for the steel	And endlessly we'll all be free tonight
Through the wastelands evermore	And on the wings of a (15) so far
The scattered souls will feel the hell bodies	(16) reality
Wasted on the shores	All (17) in desperation now the time is gone
On the blackest waves in hells domain	Lost inside you'll never find Lost within my own mind
We watch them as (5) go	Day (18) day this (19)
Through fire, (6) and once again we know	(20) go on
So now we fly ever free	So far away we wait for the day
We're free before the thunderstorm	For the light source so (21) and gone
On towards the wilderness our quest carries on	We feel the pain of a lifetime lost in a thousand days
Far (7) the sundown, far (8)	Through the fire and the flames we carry on
the moonlight	Now (22) we stand with their blood on our hands
Deep inside our hearts and all our souls	We (23) so (24) now can w
So far away we wait for the day	understand
For the light source so wasted and gone	I'll (25) the seal of this curse if I possibly can
We feel the (9) of a (10) lost	For (26) of every man
in a thousand days	So far away we wait for the day
Through the fire and the flames we carry on	For the light source so wasted and gone
As the red day is dawning	We (27) the pain of a (28)
And the lightning cracks the sky	lost in a (29) days
They raise their hands to the heavens above	Through the fire and the flames we carry on
