Through The Fire And The Flames by DragonForce

On a cold (1)	morning, in the time before the	Running back through the mid-morning light
light		There's a burning in my heart
In flames of death's eternal reign we ride towards the fight		We're (6) from the time in the fallen land
And the darkness is falling down		To a light beyond the stars
And the times are tough all right		In the blackest dreams we do believe
The sound of evil laughter falls around the (2)		Our destiny this time
tonight		And (7) we'll all be free tonight
Fighting high, fighting on for the steel		And on the wings of a dream so far beyond reality
Through the wastelands evermore		All alone in desperation now the time is gone
The scattered souls will feel the hell bodies		Lost inside you'll never find Lost within my own mind
Wasted on the shores		Day (8) day this misery must go on
On the (3)	waves in hells domain	So far away we wait for the day
We watch them as they go		For the light source so wasted and gone
Through fire, pain and once again we know		We feel the pain of a lifetime lost in a thousand days
So now we fly ever free		Through the fire and the flames we (9) on
We're free before the thunderstorm		Now here we stand with their blood on our hands
On towards the wilderness our quest carries on		We fought so hard now can we understand
Far beyond the sundown, far beyond the moonlight		I'll break the seal of this curse if I possibly can
Deep inside our (4) and all our souls		For freedom of every man
So far away we wait for the day		So far away we wait for the day
For the light source so wasted and gone		For the light source so wasted and gone
We feel the pain of a lifetime lost in a (5)		We feel the pain of a lifetime (10) in a thousand

Through the fire and the flames we carry on		Through the fire and the flames we carry on
As the red day is dawning	ng	
And the lightning cracks	the sky
