

Has gone

And wouldn't let me sign on All my islands have sunk

## Fill in the gaps

I opened my eyes last night	In the deep
And saw you in the low light	And I can hardly
Walking down by the bay	Relax or even oversleep
On the shore	When I (2) (3) with your hand
Staring up at the stars	In mine
That aren't there anymore	When we walk along the shoreline
I was feeling the night	I guess we'll never know
Grow old	Why (4) (5) the snow
And you were looking so cold	We'll turn out all of the lights
So like an introvert	And set this ballroom aglow
I drew my over shirt	So tell me darling
Around my arms	Do you wish we'd fall in love?
And began to shiver violently before	(Yeah) All the time
You happened to look	All the time
And see	Time together isn't ever quite enough
The tunnels all around me	When you and I are alone
Running into the dark	I've never felt so at home
Underground	What will it take to make or break (6) hint of love?
All the subways around	Only time
Create a great sound	Only time
To my (1) fatigue	When we're apart what ever
Farewell	Are you thinking of?
With your ear to a seashell	If (7) is what I call home
You can hear the waves	Why does it feel so alone?
In underwater caves	So tell me darling
As if you actually	Do you wish we'd fall in love?
Were inside a saltwater room	All the time
Time together isn't ever quite enough	All the time
When you and I are alone	Time (8) isn't ever (9)
I've never felt so at home	enough
What will it take to make or	When we're apart (10) ever
Break this hint of love?	Are you thinking of?
Only time	What will it take to make or break this hint of love?
Only time	So tell me darling
Can you believe that the crew	Do you wish we'd fall in love

All the time (Oh) All the time
