

Fill in the gaps

I'm working in a retail store		Do you fell like you're (12) under
It's not (1) I'm cut out for		Under it all?
I live for my breaks		And I (13) out of work and I take my seat
I (2) there's (3)	_ more	At the (14) of the bus
So much to explore		And my headphones bleed
But it feels so far away		And right there in a flash
I'm not lost, I'm just finding		With tears on my cheeks
My own way in the world		I can suddenly see
I'm not lost, I'm (4) finding		We're not lost, we're just finding
My own way in the world		Our own way in the world
In the big old world		We're not lost, we're (15) finding
Do you ever, do you ever, do you wonder		Our own way in the world
Wonder where (5) dreams go?		In the big old world
Do you fell (6) you're falling under		Do you ever, do you ever, do you wonder
Under it all?		Wonder (16) your dreams go?
Do you ever, do you ever, do you wonder		Do you (17) (18) you're falling under
Wonder where your dreams go?		Under it all?
Do you (7) like you're falling under		Do you ever, do you ever, do you wonder
Under it all?		Wonder (19) (20) dreams go?
I don't know if it's bad or good		Do you fell like you're (21) under
Walking down this street (8) yo	ou	Under it all?
I don't (9) quite what I want		Do you ever, do you ever, do you wonder
One thing I've got		Wonder where (22) dreams go?
Is a good idea of what I'm not		Do you fell (23) you're falling under
I'm not lost, I'm just finding		Under it all?
My own way in the world		Do you ever, do you ever, do you wonder
I'm not lost, I'm just finding		Wonder where your dreams go?
My own way in the world		Do you (24) like you're falling under
In the big old world		I'm not lost
Do you ever, do you ever, do you wonder		I'm (25) finding
Wonder where your dreams go?		My own way
Do you fell (10) you're falling under		In the world
Under it all?		In the big old world
Do you ever, do you ever, do you wonder		
Wonder where (11) dreams go?
