## Lost In Stereo by All Time Low

And I've been

## Fill in the gaps

(Lost in stereo, lost in stereo)	Waiting for so long
(Lost in stereo, lost in stereo)	But she'll never know
She works for the weekend	I'm (5) hope 'cause she's so
Mix tape of her favorite bands	Lost in stereo, lost in stereo
Tearin' up the radio	And I'm just like cellophane
Lost in the stereo sound	'Cause she sees right through me
She's trouble in a tank top	I know she's (6) and gold
Pretty little (1) bomb	And that's just the price I pay
Blowing up, I'll take you down	When I don't even know her name
Living in the radio	She's slipping away
Lost in the stereo sound	She works for the weekend
She's dancing alone	Mix tape of her (7) band
I'm ready to go	Tearin' up the radio
But she's so lost in stereo, lost in stereo	Lost in the stereo sound
She's out of control, so beautiful	She's (8) alone
(In stereo, lost in stereo)	I'm ready to go but she's so
And I've been	(Lost in stereo, lost in stereo)
Waiting for so long	She's out of control, so beautiful
But she'll never know	(In stereo, (9) in stereo)
I'm losing hope 'cause she's so	And I've been
(Lost in stereo, lost in stereo)	Waiting for so long
(Lost in stereo, lost in stereo)	But she'll never know
Shake down on a Saturday	I'm losing hope 'cause she's so
Sit (2) gotta catch my breath	(Lost in stereo, lost in stereo)
'Cause every time I see her	(She's dancing alone)
I (3) she's (4) take it back somehow	I'm ready to go but she's so
Tattoos and a switchblade attitude	(Lost in stereo, lost in stereo)
Snakebite heart with a bubblegum smile	She's out of control, so beautiful
Sex in stereo	(In stereo, lost in stereo)
Don't turn the radio down	And I've been
She's dancing alone	Waiting for so long
I'm ready to go but she's so	But she'll never know
(Lost in stereo, lost in stereo)	I'm losing (10) 'cause she's so
She's out of control, so beautiful	(Lost in stereo, lost in stereo)
(In stereo, lost in stereo)	

- 1. time
- 2. back
- 3. know
- 4. gonna
- 5. losing
- 6. glitter
- 7. favorite
- 8. dancing
- 9. lost
- 10. hope
